

Canadian Library and Archival Awards

The Ex Libris Association hosts an award on a bi-annual basis for library work with Canadian seniors, the [W.K. Lamb Award](#). Beginning in 2023, ELA will be awarding a scholarship for Indigenous students interested in library/archival studies. Across Canada, there are many other organizations, governments, and libraries that make awards regularly. [Librarianship.ca](#) hosts a site to recognize ongoing Canadian awards made each year and it can be viewed [at this link](#).

The following list, which is not comprehensive, can serve as a guide for those who are interested in achievements in all types of library and archival work.
