

Ex Libris Annual Meeting

ELA Annual General Meeting

The Ex Libris Annual Conference is held every year, for many past years in a Toronto Public Library branch, or, more recently, via Zoom which allows for national attendance (a short guide to Zoom is available by paging down). Besides regular business and elections, programs usually feature speakers and webinars on important topics. Each year's program details will be posted as it becomes available.

The 2026 annual general meeting is scheduled for Tuesday, March 3, 2026.

Before the AGM there will be a presentation on AI, artificial intelligence.

Each year Ex Libris holds an annual conference on various themes and issues as well as its general meeting.

Please join us for a unique Zoom Meeting. Details and agenda, with other documents, will be sent to all members via emails on the ELA Listserv. You will get a link to connect your computer, smart phone, or tablet to the meeting. You will need a camera and microphone if you are using a desktop computer and want to be seen and/or heard. If you are not receiving emails on the listserv, please contact Bob Henderson to add you. To assist members, [a short guide to using Zoom for meetings is available at this link](#). The guide can also be printed.

Information on previous meetings and speakers is available on our site from 1987 to the present day: [go to the previous sessions page](#).
